# Poetry Is Alive And Kicking In San Nicolas.

Pride Poetry Night at The Culture Cafe. Part of the poetry presented were focused on the inequality in the broad sense happening worldwide. It was a cozy evening where poetry were presented with content of high quality .And there were also participants that sang as if they were professional singers . All in All a pleasant event hosted by Vibration Media, Basha Foundation, with assistance of "We Culture".

# Christmas Lights, But No Street Lights.

The San Nicolas community was so happy to see Christmas decorations in our main streets, giving us the Christmas feeling a lot of us forgot was even coming due to the pandemic, people are living day by day trying to make it through these trying times, but with the glimmer of hope comes some frustration as those in charge of the street lights that we always are fighting for, came and set up some amazing lights, but the most important lights for our safety " The Street Lights" are still not working. This is much more dangerous now, and visitors from all over the island are going to come up to see these lights, but lack of proper street lighting can be dangerous for pedestrians in those areas.

# Aruban Youngster In Top 20 BMX In The USA.

Aruban Kailen Wouters made it into the top 20 BMX riders in the USA, the youngster trained everyday to improve the love he has for BMX ridding, like we always say" Consistency Is The Key" and he kept at it. Until the opportunity came in South Carolina and Kailen did not let this chance pass him:

Day 1: 1st in his age class and 2nd mixed age group

Day 2: 1st in his age class and 2nd mixed age group

Day 3: 2nd in his age class

Keep up the good work Kailen the sky is the limit.

# Town Yes, But San Nicolas No

The treatment they give us in San Nicolas is so low class that they self don't realize what they are doing at times. Here is another example. San Nicolas and Town got Christmas lights but they had a grand presentation of the lights in town, and we in San Nicolas when driving we realize " hey they put up lights" why did this happen again? Why we did not get a Santa like they did down town? Or do we only count voting time? You all are ministers for the entire island not only Oranjestad. Treat all your people equally that's all we ever asked for.

# Christmas Ham Recipe

3/4 oz (20 g) salt petre

5 cups beer

10-12 lb. (5-6 kg) pork leg

3 tablespoons pimento(allspice),  
crushed

1 cup molasses

1 small piece of ginger

## Method

Put the first five ingredients in a saucepan, bring to the boil, remove from the heat and allow to cool. Wipe the leg of pork clean with a cloth dipped in vinegar, pour over the cool liquid, and refrigerate. The curing time will be 2 days per 1 lb (500 g) of meat. Turn the meat every other day so that each side is well saturated with the brine.

If the ham is to be smoked, remove it from the brine, wipe it dry and weigh it. To smoke, hang it near a hardwood fire or in a smoke box, which should not generate heat higher than 75-85° F, 24-29° C. Twenty-four hours of continuous smoking should produce a 25 per cent weight loss, which indicates that its complete
